Executive Secretary Treasurer
Joseph Geiger
395 Hudson St FL 9
New York, NY 10014-7450

Mr. Geiger

We recently had the pleasure of working with **Latino Club** members of the **New York City & Vicinity District Council of Carpenters** for our [WAP DAY Community Service Project](#).

Over the Columbus Day Weekend, twenty volunteers arrived by 8am and **donated 220 hours of professional Union labor!** Because of their volunteer and organizing efforts, **Sunset Park Redevelopment Committee, Inc.** will be able to facilitate energy conservation services through the **New York State Weatherization Assistance Program** for elderly Brooklyn home owner, Mr. Signorelli.

Upon entering the property, volunteers immediately began working, were professional and considerate of Mr. Signorelli's living conditions. In addition to the committed volunteer services, members addressed a two foot hole that rotted the wood beneath the carpet due to a leaking flower pot. The level of consideration to Mr. Signorelli was further extended, with a thorough site clean-up, vacuuming and; commitment to return by some of the attendees, to paint his interior.

It is important to share, that if not for this volunteer effort spearheaded between our office and the Executive Leadership of the Latino Club; most especially Mr. Eddie Herrero and Mr. Ruben Colon, the donated man hours and supplies with a combined estimated value of \$10,500, could not otherwise be funded by the Weatherization Assistance Program or paid for by Mr. Signorelli.

On behalf of Mr. Signorelli and our organization, please accept our enormous appreciation. We will certainly keep you apprised of his residential progress and look forward to working with your membership again.

Many thanks,

Gary Brown
Executive Director
